

Outdoor Umbrellas and Bases

Outdoor Umbrellas and Bases

Perfect for hotels, restaurants, cafes and other outdoor common areas.

GLOBAL® INDUSTRIAL OUTDOOR UMBRELLAS

Global Industrial™ Outdoor Umbrellas are ideal for any outdoor occasion. Made of quality grade, fade-resistant Olefin fabric, this market umbrella fully opens to 8-1/2 feet to give you plenty of shade. Sturdy black powder-coated aluminum pole comes in 2 pieces which snap in together for easy assembly. 8 aluminum ribs on the underside keep the umbrella steady in windy conditions. Top airvent provides wind and heat ventilation while crank lever makes it easy to set up and open. Tilt button allows you to shade your area throughout the day. Can be used in picnic tables with umbrella hole 1-1/2" or more. Fade resistant for up to 1,000 hours.

Model	Description
695328	Outdoor Umbrella - 8-1/2', Navy Blue
695329	Outdoor Umbrella - 8-1/2', Green

GLOBAL® INDUSTRIAL CONCRETE UMBRELLA BASES

Global Industrial™ Concrete Umbrella Bases come in a lightweight and heavyweight option. Our 33 lb. base is suggested to be used in conjunction with a picnic table. Our 88 lb. base is strong enough to support a freestanding umbrella with a pole of up to 2-1/4" in diameter. Plastic tube adapter allows the base to fit most umbrellas. Set screw included to secure umbrella. Umbrella Base is slightly heightened by small feet to keep the base off the ground so dirt and moisture do not get trapped and discoloration of your floor surface does not occur. Durable finish is weather and rust resistant.
